

# FIXED RATE

## SECURE BUDGET CERTAINTY FOR GREATER PREDICTABILITY

The simplest of all plan types, fixed rate plans let you lock in your rate for price protection and greater budget certainty. Regardless of whether market rates go up or down, your electricity rate is secure for the entire term of your plan. Fixed rate plans are perfect for organizations with limited budget flexibility and those that don't closely follow energy markets.

### BEST SUITED FOR COMPANIES THAT:

- Have a high need for budget certainty and predictability
- Don't leverage electricity purchasing as a competitive advantage
- Set budgets on long timelines with little to no flexibility
- Can't absorb large overages in the event of market fluctuations
- Don't regularly keep up with natural gas and power market movements

### PRICE FLUCTUATION

LOW  HIGH

### RISK TOLERANCE

LOW  HIGH

### INVOLVEMENT LEVEL

LOW  HIGH

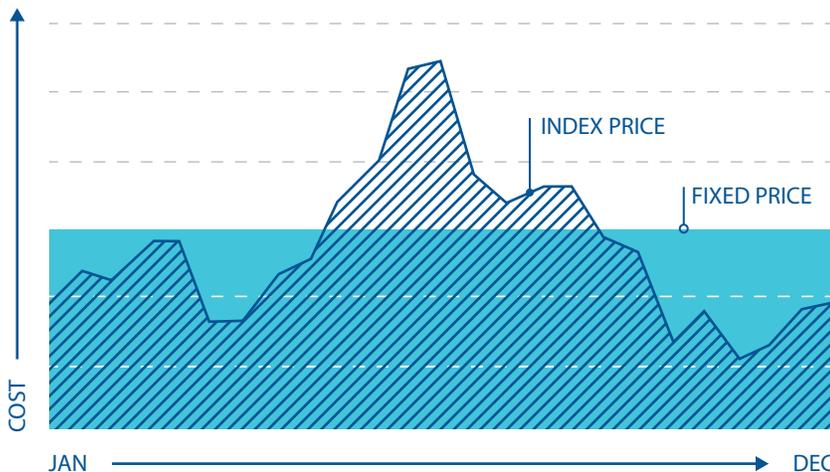

### FIXED RATE PRODUCT SUMMARY

Your price per kilowatt hour (MWh) is set for the entire contract

Choose the term length that fits your needs.

Simple—Doesn't require significant power market knowledge

### FIXED VS. INDEX PRICE
